SCHOOL VALUES - RESPECT, HONESTY & INCLUSION

News from the Principal's Desk

Hi everyone,

Last week, all staff and students began Semester 2 positively and it was great to see everyone quickly get back into routine and back hard at work at school. I am sure everyone had a great midyear break and will look forward to a prosperous second half of the year.

This edition of the newsletter is packed full of relevant information and we obviously have a busy few months ahead. This term, the main extra curricula focus for all of our staff and students will obviously be the School Production. Last week, we had a number of rehearsals and this will continue for most of the term as we prepare for perhaps the main event of the School Year. Hours and hours of planning and preparation goes into this night, so if you can help out in any way let us know. Please refer to the Props list for the items which we need for this performance – in this newsletter.

I would personally like to also congratulate the large number of students who have so far achieved 95% attendance or more at our school for Semester 1 and Term 2. We continue to emphasise how important it is to maximise learning by going to school and I am sure that many more children will again reach this standard during the Second Semester.

Please read this newsletter carefully because it is rather large and as always at the beginning of July, there are a number of items which need your full attention. Don't hesitate to contact me at school if you need some items clarified – we all have busy lives, but I really appreciate the effort that most of our families put into their children's education.

Finally, I can formally announced that our school has recently been successful in gaining some funding to support our Outside School Hours Program. This program began in 2014 and has been building for the last couple of years in regard to participation levels which is pleasing to see. This initiative has definitely had a positive impact on our school which we hope will continue into the future.

Karen will be at school all week until Thursday as usual to attend to any matters that arise. I look forward to catching up with some parents throughout the week.

David Brodie (Principal)

THE NEXT EDITION OF THE NEWSLETTER WILL BE A MINI ONE. THIS WILL BE PUT ON TIQBIZ AND OUR SCHOOL WEBSITE.

2. Father's Day Breakfast

At the Parents Club Meeting last week we decided to hold a Father's Day Breakfast for the wonderful Dad's, Grand Dad's or Uncles out there. The Breakfast will be held on Monday 5th September from 7am until 9am. Breakfast will involve - Bacon and Egg Rolls or Muffins & Coffee / Tea / Milo

Special visitors are invited to stay around after breakfast to play some Board Games / Table Tennis. All students of the school will take home a Bag of goodies for their special visitor as well. Students will be monitored at school by staff when special visitors have to leave.

This is a wonderful initiative and I am sure our kids would love to see plenty of Dad's or Grand Dad's or Uncles at this event. Respond via Tiqbiz, reply in the slip in the newsletter or contact the school on 58298264, if you can attend with names of all people attending please. Any new students intending to come to our school in 2017 are invited to participate as well - just might be an early start obviously.

3. Digging Day

At the Parents Club Meeting last week, we confirmed the day for Tree Planting to be Thursday 28th July. Tree Planting will begin at 11.30am and probably conclude at 3pm (students to bring gumboots if the weather is bad). Lunch will be provided to any parent helpers on the Tree Planting Day.

We are intending to get all students to plant a tree each around the oval boundary of the school. This will allow all of our current students to have some sense of ownership / history in regard to our wonderful learning environment. Some coverage is needed at the back of the school with the new Estate starting to take place, so we thought this would be a good starting point. Our recent Biodiversity Audit (Resource Smart Program) also encouraged some more trees in the school so we can definitely tick that box.

In preparation for the Thursday, we have decided to hold a DIGGING DAY on Tuesday 26th July. This will take place from 3.30pm until 5pm. If parents have any spare shovels, gloves or wheelbarrows it would be appreciated. If you can come along to the DIGGING DAY – respond via Tiqbiz, reply in the slip in the newsletter or contact the school on 58298264. The Sporting Schools Program will be held after school on this day (ORIENTEERING), so plenty of helpers will make light work before the kids are collected.

4. Committee Members Needed – 125 year Celebrations of Education in Tallygaroopna

Any one from the local community who is interested in going on a Committee to help organise the 125 years celebration of Education in Tallygaroopna Event can RESPOND via Tiqbiz, reply using the slip in the newsletter, contact the school on 58298264 or contact Trish Moss on 0427 298288 or 58298255. The first meeting for this Committee will be held at Tallygaroopna PS on Monday 15th August at 7.30pm. Please pass this opportunity on to anyone who you think may be interested. Mr Brodie and Mrs Haberfield have put our hands up so far and we look forward to having some other members of the local community contribute to this great event as well. The celebrations are expected to take place in October some time.

5. Health Behaviours Monitoring Study – August 9th

The Goulburn Valley Primary School Health Behaviours Monitoring study is an exciting study that is being conducted at our school. All Grade 2, 4 and 6 students at our school are being invited to participate. This study will examine influences on healthy weight and related behaviours (physical activity, sedentary behaviour, diet quality and quality of life) among children and adolescents across the Goulburn Valley region of Victoria. We ask that you please read the information sent home last week carefully, so that you can make an informed decision about your child's participation. We ask that you only return the **OPT-OUT** consent form should you and or your child decide **NOT TO** participate. We are using an OPT-OUT consent process whereby your child's participation in this study is assumed unless you indicate via the return of the signed OPT-OUT consent form that you do not wish for your child to participate.

If you and your child agree to participate we would like your child to complete the following activities at school under the supervision of staff:

- Complete a brief physical activity, sedentary behaviour, food intake and health and wellbeing questionnaire (**Grade 4 and 6 only**);
- Have their height, weight and waist circumference measured in a private and professional manner with trained researchers (**All Grades 2, 4 & 6**);
- Some children will be asked to wear a match box sized activity monitor (accelerometer) on their right hip during waking hours for 7-days. They will need to return this monitor to school at the end of the week (**All Grades 2, 4 & 6**).

All activities will be conducted throughout a normal school day, in school time. All information obtained in connection with this research that can identify your child will remain confidential. Your child's data will be made anonymous during analyses, therefore, your child will not be identified in any report, publication or presentation.

Results of this study will provide information about effectiveness of current efforts to improve the health of Victorian children and adolescents. This information will be used by educators, policy makers, health service providers and researchers in future efforts to improve the health of Victorian children and adolescents.

6. Slippers at School

As some of you may be aware in the past Mrs Haberfield has had a Slipper policy in her classroom. Especially during the cold seasons when students shoes may get wet during outside play. This will now cover Mrs. H's & Miss Triffett's rooms. This means that students may bring their own suitable slippers to wear during class time. (In the past some parents have bought a pair to leave at school and they stay here for the term.)

Rules do apply and if students break these rules then they will lose the privilege.

1. Students are to wear slipper or shoes inside. **NO BAREFEET**.
2. If students go outside to the toilet they have to put their shoes back on.
3. If a student cannot do their own shoelaces they have to either stay in their school shoes or have shoes that do not require laces.
4. Slippers/shoes need to be put away in lockers when not in use. Not left on the floor

We have decided to not involve the F/1 class with this after consulting with Miss Beer. It would obviously be a bit of a logistic nightmare with the younger students changing shoes, so your support with this decision would be appreciated.

Mrs Haberfield & Miss Triffett

7. Parent Opinion Survey

All families in our school have the opportunity to participate in the 2016 Parent Opinion Survey. Each year the school conducts an opinion survey and parents are selected to participate and we use the information to support future school planning and improvement. The survey is designed to take **no more than 20 minutes to complete** and your feedback and opinions play an important role in making our school the best it can possibly be.

Please be assured that your responses are completely confidential. The survey is conducted anonymously and it is important to us that you complete the survey as honestly as possible. Your comments in the final, open-ended question will be scanned and provided back to our school. I ask you to take the time to complete the survey as your opinions are important to us and will contribute to the future management and organisation of our school. For example, feedback from parents has helped to change the way many schools structure parent-teacher interviews.

When completed please seal your survey in the envelope provided and write your child's name and year level on the back of the envelope. Your child's name will only be used to record that you have returned the survey. The sealed envelope will not be opened by the school and will be sent to an independent organisation for collation and reporting. The results will be shared with parents via School Council later in the year.

Please return your completed survey to school by **Thursday, 28th July 2016**. Please do not hesitate to contact Mr Brodie if you have any questions or queries about the survey.

8. Breakfast Club

This will begin next Monday 25th July and be held every Monday and Thursday for the rest of the year – for the whole school. We are currently awaiting for an induction of this program so that some specifics can be clarified. At present, helpers will need to be at school by 8.30am to prepare for breakfast which will begin at 8.45am and conclude at 9am. Bus Travellers who would like to participate will need to go immediately to the Multi-Purpose Room for their breakfast.

Anyone involved in this program will be required to wash their hands before handling food.

Breakfast will include a variety of:

Wheat biscuits

Wholegrain breakfast cereals such as wheat biscuits are a rich source of many essential vitamins and minerals such as carbohydrates, protein, fibre, iron and B vitamins (NHMRC, 2013). Wholegrain cereals have also been associated with protective effects against heart disease and high blood cholesterol, and maintenance of a healthy digestive system (Department of Health, 2012).

Instant Oats

Instant oats are another wholegrain breakfast cereal and as such contain essential vitamins and minerals such as carbohydrates, protein, fibre, iron and B vitamins (NHMRC, 2013). Wholegrain cereals provide children with long lasting energy levels throughout the day.

UHT milk

UHT milk is a rich source of calcium, protein and essential nutrients for strong muscles and healthy bones and teeth (NHMRC, 2013). Adequate calcium intake in childhood and adolescence is essential for reaching peak bone mass or maximum bone density. Building peak bone mass early in life ensures strong healthy bones and prevents osteoporosis later in life (Nutrition Australia, 2012).

Canned fruit in natural juice

Fruit contains vitamins, minerals and phytochemicals that can help to keep children healthy. Fruit can help to protect the body against some diseases including heart disease, some cancers, and high blood pressure (DHHS, 2012). Fruit canned in natural juice is preferred over fruit canned in syrup as it contains less refined and added sugar.

Baked Beans

Baked beans contain a wide variety of nutrients including carbohydrates, protein, fibre, B-group vitamins and iron. They keep children fuller for longer and help maintain a healthy digestive system (DAA, 2013).

Additional items: Toast with Vegemite / Jam and Milo

Food safety and safe food handling is particularly important in schools as children are at higher risk of contracting food borne illnesses. As the students are not being charged for participating in the program and the low risk foods being served as part of the School Breakfast Clubs program, our school will be exempt from the Food Act. Being exempt from the Food Act means that a number of standard food safety requirements are not necessary for schools participating in this program.

1. There is no legal requirement to register your breakfast club with the local council.
2. Schools will not be required to pay fees to local councils if they choose to register their breakfast club.
3. There is no legal requirement to have a Food Safety Supervisor run the program.
4. Volunteers will not require Food Safety Certificates.

However, as a best practice measure we highly recommended that school staff and volunteers associated with the school breakfast program complete the Department of Health's free online food safety training. This training usually takes one hour and upon completion participants can receive a downloadable certificate.

9. Playgroup Dates for Term 3

These sessions below will be held in the Multi Purpose Room from 9am until 11am. The Breakfast Club will be held beforehand on all of these dates as well from 8.45am until 9am.

Thursday 21st July
Thursday 1st September

Thursday 4th August
Thursday 15th September

Thursday 18th August

10. Nude Food Day

Beginning this Friday (22nd July) we will be introducing our weekly Nude Food Day Classroom Competition. The concept of 'Nude Food' is about encouraging students to bring in food that doesn't leave waste or rubbish as part of their recess and lunch for the day. This concept is a great way to teach students (and parents) the difference that their actions can make for their own health and the environment. By teaching students the benefits of a healthy lifestyle, environmental sustainability and the difference their actions can make, we can influence the next generation to be global innovators.

The competition will run weekly every Friday. Students are encouraged to bring as little amount of rubbish to school as part of their lunch & recess. Durable containers (named please) that can be reused is an acceptable means to bring food in. Food such as fruit is also recommended as its skin and core can be composted and therefore reused too. It is encouraged that students think of eating food that doesn't require rubbish/packaging to begin with ie; fresh fruit, homemade cakes/slices, sandwiches, salads etc. Throughout the day we will be collecting the rubbish from each class and the 4/5/6 class will be counting the amount of rubbish each class has produced at the end of the day. One of our school values is honesty and we are relying on all students and staff at the school to make sure that on a Friday all rubbish is put into the Nude Food Container for each class. Classes who don't abide by this consistently will be ineligible for the weekly trophy. At the end of the year, the best class for the year may be awarded a special prize by Mr Brodie (ie: a lunch provided by Mr Brodie).

The winning class will be announced at assembly every Monday, and will be awarded with the 'Nude Food Class of the Week' Trophy for the week. To make it fair for each class the rubbish will be counted and averaged out for the amount of students in the class for the Friday. Lots of maths and creative thinking! We look forward to seeing how much waste our school can reduce throughout this process!!

11. Somers Camp

Congratulations to the 5 students who have been given a spot for the Somers Camp. All students have been provided with Medical and Permission Forms and these need to be returned ASAP. This camp is from November 29th to December 7th.

The cost for Somers Camp is \$250 which needs to be paid by 1st August. This camp is situated on Westernport Bay, 80km from Melbourne (Melway Map Ref 193 H9). The camp provides an opportunity for social interaction between children drawn from many schools and presents a variety of challenging situations through outdoor education and contact with the local environment. The nine day commitment is essential if the social aims are to be achieved.

12. Bike Education

This program begins tomorrow for all students in Grades 2-6. Permission forms and Bike Checklists are due now. Students who do not return permission forms will not be able to participate unfortunately. Extra forms can be collected from the office – these went home before the holidays and again last week for some students.

13. End of Year Excursion

At the Parents Club Meeting last week, it was decided that we would go to the Whittlesea Fun Fields again for our whole school End of Year Excursion. The date for this has been confirmed – Friday 16th December. If you intend to attend this day with your children could you contact the school please. Staff are able to supervise any students who are not able to have family assist with supervision on this day. More specific information will be in the newsletter early next term.

14. Enrolments for 2017

So far, we have had 4 promising Open Days and we look like having 10-15 new students at our school again for 2017. To assist with planning it would be appreciated if enrolments forms could be in by the end of July. Enrolment packs can be collected at the office anytime.

15. Jump Rope For Heart

Sponsorship forms have been sent home for any students wishing to raise money for the Heart Foundation. There are a number of wonderful prizes to win for this and all children are encouraged to be with an adult when seeking donations for this program – these are due by the end of July. Our Jump Off Day will be held early in early August.

16. Sporting Schools Program

Our Sporting Schools Program begins next Monday. As per usual, sessions after school begin at 3.35pm and will finish at 4.35pm). Students receive a healthy snack before the program begins for all school sessions. Students need to be picked up immediately after each session. Formal permission forms are available from the office and on Tiqbiz. These went home with all students as well.

A summary of specific dates for Term 3 are below

18. Interschool Sport

Our school will be participating in Interschool Sport in Shepparton (Netball – McEwen Reserve) and Mooropna (Football – John Gray Oval) this Friday 22nd July. The Boys Football team will combine with students from Congupna PS and the 2 Girls Netball teams will combine with students from Congupna PS. All students will leave by bus at 9am and return to school by about 2pm. A snack, lunch and drink is required along with appropriate warm clothing. Mr Cleary (Principal – Congupna PS) will be supervising the Football Team and Miss Triffett and Miss Palmer will be supervising the Netball Teams.

Permission forms have been handed out and need to be returned ASAP – there is no cost for the day. Any students not participating will still be required at school and will be in the Grade 2/3 room for the day. As always, excursions are invitation only and behaviour and attendance is closely monitored prior to this day.

19. School Production

Information is provided below regarding costumes and staging for the Production which will be held on Wednesday 14th September. If any families can assist in any way contact the school ASAP. We have been very encouraged by the way the students have prepared for this event – keep up the great work everyone!

Costumes:

This is a show full of traditional piratical characters, and effective use of colour can help identify the different cast groups. For example, the pirates can wear traditional red and black with striped tops, knee length trousers, bandanas & striped socks/tights. The sailors can be dressed in naval blue and white, with white trousers, blue & white striped tops and sailor hats. Cod & Hornhonker could wear more elaborate blue & white uniforms whilst Redbeard could have a red “Hook” style costume. The Periwinkle family need a slight pirate flavour, possibly with black and white striped skirts, trousers and bandanas. The natives can be costumed in various ways, from Hawaiian style grass skirts to caveman style animal print. It is essential to keep everything colourful - and remember, you can't have too many stripes!

Staging:

This production can be staged effectively with simple scenery. A backcloth of blue sky, clouds and sea will work for the whole show, with small flats and props added to distinguish between scenes. The Squirty Squid can have wooden tables and chairs with a flat painted as a wall, window and inn sign. The docks can be created using a signpost and assorted barrels, crates and sacks. For the ship scenes, a flat fabric mast with ropes and gathered sail can be hung over the backcloth. A raised platform with ship's wheel attached may be placed centre stage, with a pair of simple flats behind to create the wooden sides of the ships. A large union or skull and crossbones flag can be hung to differentiate the two ships. The island of Lumbago can be created using some simple palm tree flats and the all important “Lumbago” sign.

PROPS NEEDED ARE IN THIS EDITION OF THE NEWSLETTER

20. School Council
